

# BOOM BUILDING AND REPAIR

IPS manufactures lattice booms for American and Ohio Locomotive Cranes and American Hoist Crawler Cranes.

IPS can inspect, repair, and re-certify your existing boom. All of our booms undergo 3rd party NDT testing and certification to verify the highest quality workmanship. Booms are built to IPS OEM specifications and all work is performed by certified welders.

**Is your current boom  
too short?**

**Ask about our boom  
extensions available in  
a variety of sizes.**
